Project Part 2 - Storyboard

Scenario:

I (jbonot) want to define a new task for grocery shopping and I indicate that pictures must be taken of the grocery items. After I've created my grocery shopping task, I share it with users jasiensk, jmorawsk, and dardis so they can also shop for groceries. These users receive my task. dardis receives a notification while at school, where Wi-Fi is available. He decides to fulfill this task, and looks it over while walking to the grocery store despite the fact that he no longer has Internet access. While fulfilling this task he takes a picture of a loaf of bread and a picture of a carton of milk. Unfortunately, he accidentally takes a picture of Gala apples when he meant to take a picture of Red Delicious apples, so he retakes the picture to produce the right image. I find out that dardis was able to take a fulfill my task on October 22, 2012 at 18:14. I can also see the pictures of bread, milk, and apples he took.

The image shows a mobile app mockup for 'Task Tracker'. At the top, there's a dark header with a white speech bubble icon and the title 'Task Tracker'. Below the header is a navigation bar with three tabs: 'Home', 'Notifications (1)', and 'User Settings'. A red arrow points to the 'Notifications (1)' tab. Under the navigation bar is a large purple button labeled 'Create A New Task'. Below this are two filter sections: 'View:' with a dropdown menu showing 'All tasks', and 'Sort by:' with a dropdown menu showing 'Upcoming deadline'. At the bottom, there's a task card for 'jbonot' with the title 'Buy Groceries', a deadline of 'Oct 23', and a status of 'Shared'. The card has a large empty box below the title for details or a list of items.

The image shows a mobile application interface for a 'Task Tracker'. At the top, there is a dark header with a speech bubble icon and the title 'Task Tracker'. Below the header is a light blue navigation bar with three tabs: 'Home', 'Notifications (1)', and 'User Settings'. The 'Notifications (1)' tab is highlighted with a red rectangular border. Below the navigation bar is a large purple button labeled 'Create A New Task'. Underneath this button are two filter sections: 'View:' with a dropdown menu set to 'All tasks', and 'Sort by:' with a dropdown menu set to 'Upcoming deadline'. At the bottom, there is a task card for 'jbonot' with the title 'Buy Groceries', a deadline of 'Oct 23', and a status of 'Shared'. The card has a large empty rectangular area below the header.
