Glossary

- **Creator**, n. A user who has created a given task; A user who has permission to edit and/or delete given task and receives a report of its fulfillment; Each task has only one creator.
- **Member**, n. A user who has permission to view and fulfill a given task, and receives notifications of changes to the task; includes the task creator.
- **User**, n. Someone who uses the TaskTracker; An actor in the TaskTracker app who has the ability to create, edit, view, and fulfill tasks
- **Fellow user**, n. A user who will likely be a member of a creator's task; A user whose information is stored by another user for convenience. Useful when adding members to a task.
- **Task**, n. A goal that is to be completed; A named entity that is created with the objective of being fulfilled by a certain point in time.
- **Notification**, n. An interaction sent to a member with information regarding a task. The information is merely for the member's knowledge and does not affect the task itself.
- **Requirement**, n. (of photos or text) Something a creator needs from a task; A necessity that a member must provide before a task may be fulfilled.
- **Fulfill**, v. To complete a given task's goal; To mark a task in such a way that it no longer requires attention.
- **Deadline**, n. A due date; A date by which a task is expected to reach fulfillment.
- **Delete**, v. To permanently remove information from the application system.
